

Community Education

SLSA will provide a range of training packages to government and non government organisations including but not limited:

- How to Work Effectively with Interpreters
- Why Book an Interpreter?
- Cross Cultural Issues – How Can they be Resolved?
- Communication Strategies when Working with Deaf or Hearing Impaired People
- Deafness Awareness Training

Deaf Community members will be involved in presenting some of the above topics.

Organisations/associations wishing to take advantage of training opportunities are encouraged to contact the SLSQ Director to discuss their individual needs. A program of instruction can then be tailored to meet their requirements.

Fees for such training can then be negotiated with the Director.
